

Reef Fishing Tour

Experience the vibrant marine life of the Mesoamerican Reef, spanning Belize's entire coastline. This national treasure hosts diverse species, from snappers and barracuda to grouper, wahoo, and even turtles and rays. Inside the reef, you'll find snapper, jacks, and kingfish, while the outer reef offers larger catches and more variety. Choose your fishing style—whether with poppers, crank baits, live sardines, or vertical jigging—and enjoy the abundant, action-packed waters of Belize's Southern Reef.
